EDUCATION BACKGROUND

Florida A&M University	2025-2027
School of Architectural and Engineering Technology	Master of Architecture student
Florida A&M University	2021-2025
School of Architectural and Engineering Technology	Bachelor of Science Architecture
Tallahassee Community Collage	2008-2011
	Associate of Arts Degree

WORKING EXPERIENCE

Current-2026 Fall Internship

Florida Department of Environmental Protection
Desgin and Construction Division

The opportunity to work with the Design Section project management team would allow me to visit project sites, meet with consultants, contractors, and park managers, and help define projects by developing options and solutions. This experience would help me understand the responsibilities of a project manager within the Design Section and how projects are coordinated from design through construction.

2026 Summer Internship

Florida A&M University
Planning, Construction, Facilities

The opportunity to gain firsthand experience through construction site visits and exposure to renovation projects. Understanding how to work with existing building infrastructure is an important part of architecture and facilities

2025-2026 Spring

Florid A&M University
School of Architectural and Engineering Technology
Research Grant Project

This study uses laser scanning technology to capture high-precision data from historic buildings. The collect-
ed data will be processed and reconstructed in SketchUp to develop virtual models for simulation, analysis, and
preservation.

2001-2006

Mercan English School China
Consulting

Coordinate schedules among parents, students, and teachers, and provide consultation services to support students
enrollment.
