**Academic Honor Policy Statement**

The Florida A&M University School of Architecture Student handbook states that “the relationship between students and faculty is based upon trust, and the continued maintenance of this trust is necessary for education to be successful. (1) Students need to trust that faculty has made appropriate judgments as to the content and structure of the course. (2) Faculty members need to trust that the work turned in by students represents their own effort.

Violation of this trust undermines the educational process. As such, academic dishonesty will be dealt with seriously. Any student found to have copied a homework assignment, cheated on a quiz or examination or submitted work that was created by another individual will receive a failing grade (F) for the assignment, and will be referred to the Dean of the School of Architecture for disciplinary action. Students are cautioned that the disciplinary sanctions for academic dishonesty (imposed in addition to the F grade) can be quite severe.”

Additional detail on FAMU Academic Honesty Violations are provided in University Policy 2.012 (10.)s). If you have any questions, please see your Academic Advisor.
