A: Program and Student Outcomes

Select the option that best describes whether or not the program has significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.

- The program HAS significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to program and student learning outcomes (established as part of Condition 3: Program and Student Criteria). If no such changes occurred, please mark "no changes."

B: Curriculum Development and Faculty Resources

Select the option that best describes whether or not the program has significant or material changes to its process for assessing its curriculum and making adjustments based on the outcome of the assessment.

- The program has significant or material changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment.
- The program has NO significant or material changes in this area.

Please note any **significant and material** changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment. If no such changes occurred, please mark no changes.

- The relationship between course assessment and curricular development, including NAAB program and student criteria.
- The roles and responsibilities of the personnel and committees involved in setting curricular agendas and initiatives, including the curriculum committee, program coordinators, and department chairs or directors.

C: Architect Licensing Advisor

Name(s):	Olivier Chamel, AIA
Date of last NCARB licensing advisor summit each advisor(s) attended:	Summer 2023

If a program uses more than one architect licensing advisor, include each advisor.

D: Student Support Services

Select the option that best describes whether or not the program has significant or material changes to support services available to students in the program.

-

The program has significant or material changes to support services available to students in the program.

- The program has NO significant or material changes to support services available to students in the program.

*Please note any **significant and material** changes to support services available to students in the program, including but not limited to academic and personal advising, mental well-being, career guidance, internship, and job placement. If no such changes occurred, please mark no changes.*

E: Physical Resources

Select the option that best describes whether or not the program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

- The program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.
- The program has NO significant or material changes in this area.

*Please note any **significant and material** changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement. If no such changes occurred, please mark no changes. These changes include any of the following:*

- *Space to support and encourage studio-based learning.*
- *Space to support and encourage didactic and interactive learning, including lecture halls, seminar spaces, small group study rooms, labs, shops, and equipment.*
- *Space to support and encourage the full range of faculty roles and responsibilities, including preparation for teaching, research, mentoring, and student advising.*
- *Resources to support all learning formats and pedagogies in use by the program.*

E1. Describe any significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

The design studio renovations support interactive engagement between students and increased digital presentations. The lecture room renovations support online learning, digital presentations by students and faculty, and online guest speakers.

F: Financial Resources

Select the choice that best describes whether or not the program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.

- The program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation. If no such changes occurred, please mark no changes.

G: Information Resources

Select the choice that best describes whether or not the program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.

- The program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's ability to ensure that all students, faculty, and staff have convenient and equitable access to the following. If no such changes occurred, please mark no changes.

- Architecture literature and information, as well as appropriate visual and digital resources that support professional education in architecture.
- Architecture librarians and visual resource professionals who provide discipline-relevant information services that support teaching and research.

A: Program and Student Outcomes

Select the option that best describes whether or not the program has significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.

- The program HAS significant and material changes to program and student learning outcomes and/or to its ability to achieve its stated outcomes.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to program and student learning outcomes (established as part of Condition 3: Program and Student Criteria). If no such changes occurred, please mark "no changes."

B: Curriculum Development and Faculty Resources

Select the option that best describes whether or not the program has significant or material changes to its process for assessing its curriculum and making adjustments based on the outcome of the assessment.

- The program has significant or material changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment.
- The program has NO significant or material changes in this area.

Please note any **significant and material** changes to the program's process for assessing its curriculum and making adjustments based on the outcome of the assessment. If no such changes occurred, please mark no changes.

- The relationship between course assessment and curricular development, including NAAB program and student criteria.
- The roles and responsibilities of the personnel and committees involved in setting curricular agendas and initiatives, including the curriculum committee, program coordinators, and department chairs or directors.

C: Architect Licensing Advisor

Name(s):	Olivier Chamel, AIA
Date of last NCARB licensing advisor summit each advisor(s) attended:	Summer 2023

If a program uses more than one architect licensing advisor, include each advisor.

D: Student Support Services

Select the option that best describes whether or not the program has significant or material changes to support services available to students in the program.

-

The program has significant or material changes to support services available to students in the program.

- The program has NO significant or material changes to support services available to students in the program.

*Please note any **significant and material** changes to support services available to students in the program, including but not limited to academic and personal advising, mental well-being, career guidance, internship, and job placement. If no such changes occurred, please mark no changes.*

D1. Describe any significant and material changes to support services available to students in the program:

The program has INCREASED the number of Academic Advisors that provide support services to the students in the program. Previously, one Academic Advisor served the 1st-year through 4th-year undergraduates. Now, one Academic Advisor serves the 1st and 2nd-year students, and one serves the 3rd and 4th-year students.

E: Physical Resources

Select the option that best describes whether or not the program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

- The program has significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.
- The program has NO significant or material changes in this area.

*Please note any **significant and material** changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement. If no such changes occurred, please mark no changes. These changes include any of the following:*

- *Space to support and encourage studio-based learning.*
- *Space to support and encourage didactic and interactive learning, including lecture halls, seminar spaces, small group study rooms, labs, shops, and equipment.*
- *Space to support and encourage the full range of faculty roles and responsibilities, including preparation for teaching, research, mentoring, and student advising.*
- *Resources to support all learning formats and pedagogies in use by the program.*

E1. Describe any significant and material changes to the program's physical resources and its ability to safely and equitably support the program's pedagogical approach and student and faculty achievement.

The design studio renovations support interactive engagement between students and increased digital presentations. The lecture room renovations support online learning, digital presentations by students and faculty, and online guest speakers.

F: Financial Resources

Select the choice that best describes whether or not the program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.

- The program has significant and material changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's institutional support and financial resources that would impact the program's ability to support student learning and achievement during the next term of accreditation. If no such changes occurred, please mark no changes.

G: Information Resources

Select the choice that best describes whether or not the program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.

- The program has significant and material changes to its ability to ensure that all students, faculty, and staff have convenient and equitable access to information resources.
- The program has NO significant and material changes in this area.

Please note any **significant and material** changes to the program's ability to ensure that all students, faculty, and staff have convenient and equitable access to the following. If no such changes occurred, please mark no changes.

- Architecture literature and information, as well as appropriate visual and digital resources that support professional education in architecture.
- Architecture librarians and visual resource professionals who provide discipline-relevant information services that support teaching and research.
